## A PROGRAM DEDICATED TO EXCELLENCE

The women's hockey program at Concordia is one of the oldest and most successful in the country. The tradition began over twenty years ago with the Loyola College "Tommies".

Since that time, the development of the Stinger program has kept pace with the growth of women's hockey in Canada. The team recently received a tremendous "shot-in-the-arm" when Concordia's Department of Fitness, Recreation & Athletics committed itself more forcefully to the development of athletic programs for women.

The result of this new focus is evident every time the Stingers take to the ice. They skate with tremendous pride and confidence and have one objective in mind - to become the best women's hockey team in North America. Most observers agree that the Stingers are only one or two players away from realizing this goal.

The team presently competes in the Quebec University League and supplements this play with competition against the best schools in the United States. In all, the team participates in 15 league games, 10 to 15 exhibition matches and as many as five tournaments in a season that runs from early October until mid-March.

Despite the remarkable success of the Stingers on the ice, the players performance in the classroom remains the team's first priority. Each athlete receives encouragement and support from the coaching staff and the Athletic Department to ensure that her educational experience is as rewarding as possible. The team is very proud of the women who have worn the Stinger colours. Not only have they excelled as athletes, but they have proven themselves to be exceptional students and citizens as well.

### MEET THE

LES LAWTON  
Head Coach

Les Lawton came to the Stingers as an assistant coach in 1982. His knowledge of the game and his dedication to the team made him a logical choice for the position of head coach when it became available the following season. Since that time, he has been the driving force behind one of the most successful and respected hockey programs in North America.

As the last decade came to a close, his record stood at an impressive 141 wins, 75 losses and 21 ties. During one stretch, he led the Stingers to a remarkable string of 25 straight league victories. His 100th career win came against the Rochester Institute of Technology on January 1, 1989 and he captured his third Provincial Championship at the end of the 1989-90 season.

Lawton, a Montreal native, coached the N.D.G. Maroons and Loyola High School before joining the Stinger program. He continues to make Montreal his home with his wife Paddy and their daughter Mallory.

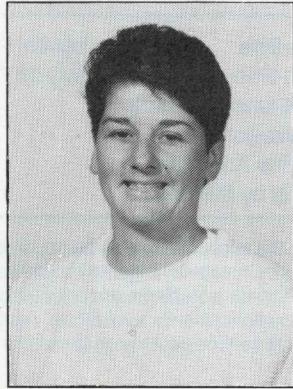

## COACHES

Julie first came to the Stinger program as a player in 1978. A versatile performer, she began her distinguished five-year career as a forward before switching to defence. As a rookie she was the team's leading scorer, its MVP and the school's "Freshman Athlete of the Year". In 1985, Julie received a prestigious honour. Along with nine others, she was selected to Concordia's "All-Decade" women's hockey team.

While a student at Concordia, Julie also played three seasons with the women's field hockey team, winning the Most Valuable Player award on two occasions.

The beginning of the 1985-86 season marked Healy's return to Stinger hockey. In her capacity as Assistant Coach, she continues to approach the game with the same enthusiasm and discipline that made her such a formidable player. In addition to her coaching responsibilities, Julie keeps herself very busy as the Athletic Department's Facilities Coordinator.

# Concordia Today

BOB PHILIP  
Athletic Director

From its founding institutions, Loyola College and Sir George Williams University, Concordia inherited a long history of providing higher education to men and women of all ages and backgrounds. Today, Concordia is proud to continue this tradition by offering a university experience that combines some of the most exciting and innovative education in North

America with highly competitive athletics.

Concordia offers low student-teacher ratios, excellent and accessible professors and the diversity of two distinct campuses.

Quality coaching and a dedication to the development of student athletes carries on a proud athletic tradition that has spanned ten decades.

Combining high performance athletics with academics requires hard work and discipline. However, the rewards are great. You will leave Concordia University not only with a quality education but also with the motivation, dedication and work habits essential for future successes.

If you are serious about learning and are willing to make the commitment needed for athletics, then Concordia University is where you want to be.

## Admissions

Concordia's academic department and associated institutes are grouped into four faculties: ARTS AND SCIENCE, COMMERCE AND ADMINISTRATION, ENGINEERING AND COMPUTER SCIENCE and FINE ARTS. Together they offer more than 180 academic programs leading to 8 undergraduate, 7 graduate and 15 doctoral degrees. Some programs are quite traditional, while others reflect the university's innovative response to society's changing needs.

The admission information listed below is general in nature. For a more detailed account of the University's specific admission requirements and procedures please contact:
